Defining Business Success

A member of Ascendas-Singbridge Group, Ascendas believes in pushing the boundaries and creating intuitive spaces that inspire, challenge and excite. As innovators of business space with one of the largest footprints in Asia, Ascendas has redefined business landscapes, catalysing investments in cities we operate in. Our business space environments span across 25 cities in 10 countries, including Singapore, China, India, Malaysia, South Korea and Vietnam. Today, over 2,400 customers including Fortune 500 corporations, MNCs and leading enterprises have partnered Ascendas to take their businesses across Asia and beyond.

Building Communities of the Future with You and for You

A flagship company for real estate investment and property development businesses by Khazanah Nasional Berhad, the investment holding company of the Government of Malaysia. UEM Sunrise spearheads the development of Nusajaya as Southeast Asia's newest regional city with diverse signature developments to create and promote economic growth and development in the area.

Where Giants Meet

Created by leaders for leaders. Nusajaya Tech Park represents the combined experience of two real estate powerhouses, Ascendas and UEM Sunrise, who are reputed for their expertise, global standards and good local connections. Expect the best from the best that comes with a sterling track record and from decades of impeccable property development experience.

The Place to Be

At 2,217 sq km, Iskandar Malaysia is the region's foremost emerging economic zone. A vibrant metropolis and an investment destination nestled within the Indonesia-Malaysia-Singapore Growth Triangle, it offers strategic accessibility to Asia's burgeoning markets and promises to be a mecca for business with its ultra-modern developments and unparalleled growth opportunities.

A Stone's Throw Away

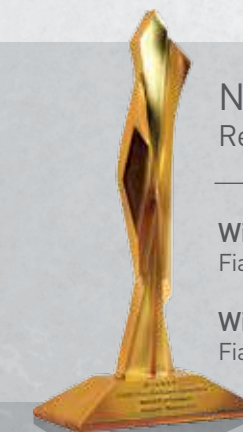

Strategically located within minutes from the Second Link, Nusajaya Tech Park offers accessibility to international airports and seaports in both Singapore and Malaysia, and connects to all major cities in Asia within a six-hour flight radius. A proposed rapid transit system within Iskandar Malaysia and a Singapore-KL high-speed rail link will further improve connectivity in future. Business expansion into the region is now just a step away.

The Pulse of Iskandar Malaysia

The award-winning township of Nusajaya, masterplanned and developed by UEM Sunrise, is a key economic driver offering all the strategic advantages of Iskandar Malaysia and more. A bustling city with immense potential, it is the definitive gateway to commercial and lifestyle amenities – including popular theme parks, golf courses, retail and hospitality outlets in nearby towns and cities.

The next wave of growth for Nusajaya, which spans 1,840 hectares, will take place in Gerbang Nusajaya. It will draw leisure attractions, residential developments, trades and industries, featuring projects such as FASTrack Iskandar, Gateway CBD and notably, Nusajaya Tech Park as the business engine of Nusajaya.

Artist's impressions

A New Benchmark

Artist's impression

Positioned as a catalyst for business growth, Nusajaya Tech Park combines locational advantages with best-in-class infrastructure in a modern, eco-friendly and well-managed environment. Its masterplan features a holistic security blueprint that provides unprecedented assurance, and a conducive work environment that inspires excellence. Explore new business opportunities and leverage on the synergy of like-minded tenants within an eco-system of industry clusters. Be recognised as a leader, amongst leaders.

Masterplanned for Success

This well-conceived and carefully masterplanned business location blends maximum security, excellent visibility with unparalleled accessibility for optimal operational efficiency. Designed with sustainability in mind, the tech park cleverly integrates nature into its blueprint to create manicured landscapes and open spaces for vibrant communities. Enjoy ready access to common amenities within a 400-metre radius, from anywhere in the park.

210 hectares of world-class business space seamlessly integrated with commercial space, dormitories, supporting amenities and a green corridor, all in one location

Artist's impression

Green with Envy

Set in verdant landscapes, the tech park features perfect backdrops for interaction, recreation and work. A refreshing green spine provides convenient access to park amenities, while eco-friendly features that meet international standards for Green districts are blended into industrial and social spaces to conserve energy, minimise carbon footprint and reduce operating costs. Belong to an eco-conscious community that contributes actively to sustainable environments.

In Safe Hands

Security awareness and assurance are greatly enhanced with the tech park's multi-tiered security plan developed by Certis Cisco. A holistic security blueprint ensures the integrated management of technology, processes and personnel for the protection of people, assets and operations. Focus fully on your business knowing your security needs are being professionally looked after.

Ready-Built Facilities

Premium Spaces in Move-in Condition

Choose from a wide selection of freehold facilities ranging from semi-detached units of 13,000 sq ft to detached factories of 42,000 sq ft that best suit your business needs. Enjoy sleek, modern frontage with separate loading areas, configurable space, quality finishes and superior building specifications designed for light and medium industries. Ascendas' proven record in Asia enables you to operationalise your business quickly with minimal fitting-out and lower investment costs.

Build-to-Suit Facilities

Customised Buildings and Facilities

Every business has its unique requirements for space. With Build-to-Suit solution, you can enjoy the benefits of operating in a customised facility provided by a trusted developer, without the hassles associated with the construction process. We will oversee the entire real estate process for you – from planning and design, to construction, project management as well as property management, so that you can focus on your core business. Flexible lease options are available for companies who prefer to adopt an asset-light strategy and be completely relieved from land and building ownerships.

Premier Business Concierge

Accelerate your start-up using our comprehensive range of customer support services. These include facilitating the applications of permits and licences, manpower recruitment, training and liaising with government agencies on incentive programmes. Leverage our support and free up critical resources to launch your business.

Iskandar Malaysia

Key Considerations

Malaysia's macroeconomic perspective

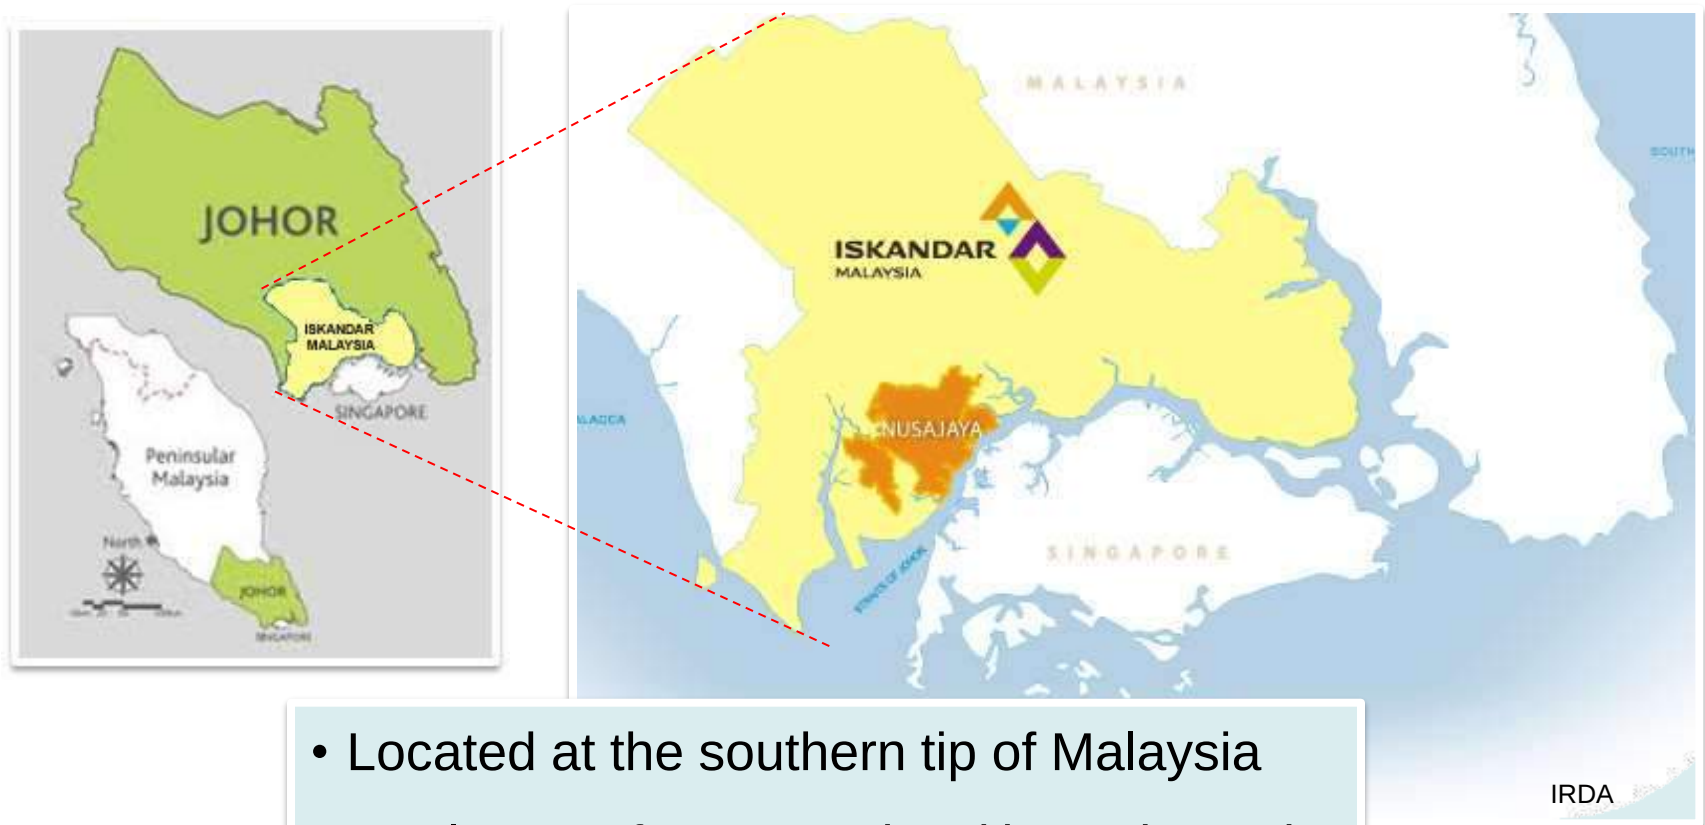

- Penang, Selangor and Johor are the most sought after states for investments
- One of the best infrastructure in ASEAN
- A key driver is the proximity to Singapore

Singapore's macroeconomic perspective

- While Singapore is a key hub for ASEAN and Asia, it has limited land resources
- Win-Win partnership - Singapore-Iskandar twinning makes economic sense
- Everyday, about 150-200,000 Malaysians crosses the border to work in Singapore

Overview of Iskandar Malaysia

- Located at the southern tip of Malaysia
- Total area of 2,217 sq km (three times the size of Singapore)

Overview of Iskandar Malaysia

Region	Area (km ²)	Population (million)
Iskandar Malaysia	2,217	1.6
Singapore	704	5.2
Dubai	3,885	1.2
Hong Kong	1,095	7.1

Source: IRDA

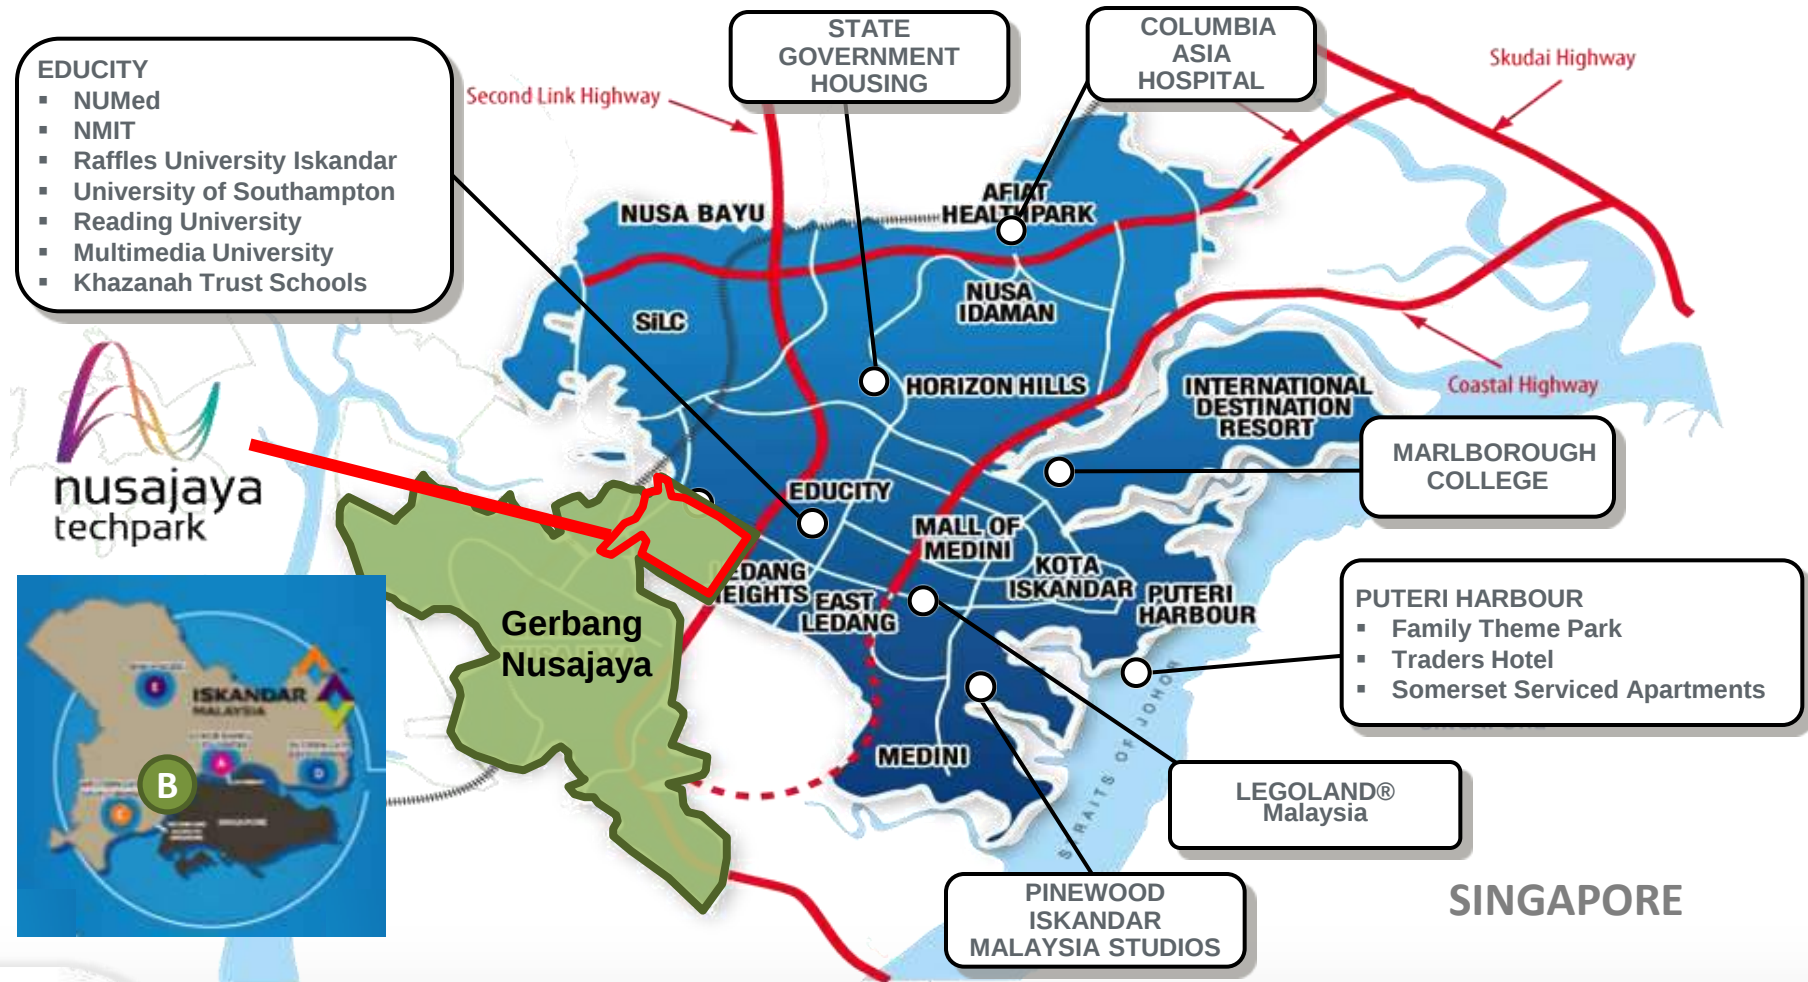

Indicators	2005	2025	% change from 2005
Population	1.4 m	3.0 m	↑ 222%
GDP (PPP) in USD (billion)	20.0	93.3*	↑ 465%
Per capita GDP (PPP) in USD	14,790	31,100*	↑ 210%
Workforce	0.624 m	1.46 m	↑ 233%
Employment	0.610 m	1.428 m	↑ 234%
Unemployment	3-4%	1.8%	↓ 166%

* Annual growth of minimum of 8% y-o-y (at constant 2005 price)
